Federal Communications Commission Equipment Authorization Division,  
Application Processing Branch  
7435 Oakland Mills Road  
Columbia, MD 21048

Date: July 7<sup>th</sup> 2016  
FCC ID: 2AG5P-21NETBOXV1

Subject: Request for **Permanent Confidentiality** of internal photos, schematics, parts lists, tune-up info and block diagram(s) for **FCC ID: 2AG5P-21NETBOXV1**.

To Whom It May Concern:

**21Net Ltd.** Requests permanent confidentiality for the following items as per KBD726920 D01, section II.

1. Internal Photos
2. Schematics
3. Parts lists
4. Tune-up info
5. Block diagram(s)

This is requested as the device is not accessible to the general public (mounted on a train) and is only serviced by the 21Net or designated service professionally.

These items contain detailed system and equipment description and related information about the product which **21Net Ltd.** considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, **21Net Ltd.** also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.

Best Regards,

July 7<sup>th</sup>, 2016, Boortmeerbeek, Belgium.  
On behalf of 21Net Ltd,
